

TIET - Polytechnic Statewide Industrial Engineering Technology Certificate

Requirements for the Certificate (18 credits)

Foundation (9 Credits)

IET 11100 Introduction To Manufacturing And Supply Chain Systems	3.00
IET 21400 Introduction To Supply Chain Management Technology	3.00
IET 23500 Introduction To Lean And Sustainable Systems	3.00

Industrial Engineering Technology (9 Credits)

Choose three courses from the following:

IET 31300 Technology Innovation And Integration: Bar Codes To Biometrics	3.00
IET 31600 Statistical Quality Control	3.00
IET 33100 Advanced Industrial Safety And Health Management	3.00
IET 33400 Economic Analysis For Technology Systems	3.00
IET 33520 Human Factors For Technology Systems	3.00
IET 33620 Total Productive Maintenance	3.00
IET 34200 Warehouse And Inventory Management	3.00
IET 34300 Technical And Service Selling	3.00
IET 43640 Lean Six Sigma	3.00

Notes

1. Students must earn a "C-" or higher in all courses.
2. Transfer credit applied to the certificate is limited to no more than 6 credits.

Disclaimer

The student is ultimately responsible for knowing and completing all degree requirements.

The myPurduePlan powered by DegreeWorks is the knowledge source for specific requirements and completion.
