Psychology	4 or 5	PSY 12000	3	Behavioral/Social Science**	3
Spanish Literature	4 or 5	SPAN 24100	3	****	3
Statistics	4 or 5	STAT 30100	3	Statistics Selective	3

¶ If you score a 3 or better on both the Macroeconomics and Microeconomics exams you will receive credit for ECON 21000. If you score a 3 on one and a 4 or 5 on the other, you will receive credit for ECON 21000 and credit for the appropriate ECON course as indicated above.

To avoid taking Advanced Placement classes that may not transfer into degree-progressing credits, please note the following:

***Science/Lab Science Selectives:** 6 credit hours required all CIT Program Majors (At least 3 credits must be in a Lab Science)

****Behavioral/Social Science :** 3 credit hours required for all CIT Program majors

*****Humanities :** 3 credit hours required for all CIT Program majors

******Other:** Credits **may** apply to other degree requirements such as Interdisciplinary or Free Elective. Advisors will apply as approved.

Course numbers listed as "1XXXX" transfer as undistributed credit, which means Purdue does not have an equivalent course. Such credit appears on a Purdue student record as credit hours within the respective subject area. You should consult with your advisor to determine if undistributed credit may be used to best meet degree requirements within your area of study.

The information is as of 1.25.23. Scoring is awarded with the criteria in place on test date. AP transfer credit criteria are subject to change without notice.
