

# GET INVOLVED AT PURDUE POLYTECHNIC

With nearly 1,000 student organizations on campus, including 60 groups in the Polytechnic, students can pursue current interests and discover new ones.

**For more information, visit Knoy 150 or call (765) 494-4935.**

## ORGANIZATIONS

### » **Dean's Student Leaders**

Polytechnic students act as liaisons for the Office of the Dean to students throughout the college.

### » **Student Ambassadors**

Ambassadors serve as champions for their major and department, college and Purdue University.

### » **Women in Technology (WIT)**

WIT is dedicated to promoting the leadership of women in technology through networking, mentoring, outreach and service.

### » **Minority Technology Association (MTA)**

MTA members participate in business networking and community service events.

### » **Purdue Student Government - Polytechnic Senators**

Polytechnic Senators represent the Polytechnic Institute in the Purdue Student Government.

### » **AMET (All Majors Engaged in Technology)**

Students in all majors are welcome to join AMET and develop their electrical, technical and team leadership skills.

### » **Association of Information Technology Professionals (AITP)**

Members of AITP network with other IT professionals to share knowledge and advance their technology and business expertise.

## LEARNING COMMUNITIES

Students who take part in learning communities make friends faster, earn higher grades, and graduate at higher and faster rates than students who don't participate.

Here are just a few of the Polytechnic's learning communities:

- » Creativity and Technology
- » Entrepreneurship and Innovation
- » Environmental Sciences
- » Future Media
- » Hands-On Design and Fabrication
- » The Data Mine
- » Women in Technology
