CITGO Petroleum Corporation is an American success story that originated back in 1910 when pioneer oilman Henry L. Dougherty created the Cities Services Company. In 1965, Cities Services decided to change its marketing brand and introduced the name CITGO. They retained the first syllable of its long-standing name and ended with CITGO to imply power, energy and progressiveness. The now famous and enduring CITGO logo was born.

Now more than four decades later, CITGO is in the top rank of petroleum marketers in the United States, and one of the nation's top marketers of gasoline. We are a world-renowned supplier of diesel fuel, jet fuel, kerosene, lubricants, greases, waxes, petrochemicals and industrial products.

GE Johnson Construction Company is located in Downtown Colorado Springs, CO at the base of Pikes Peak Mountain. Founded by Gil Johnson in 1967, we are a General Contractor.

Our Vision, and that of many of our clients, is focused on the long view. "We must strive to develop relationships, earn a reputation for unparalleled construction services and provide teams dedicated to delivering results that exceed expectations." With revenues between \$250M to \$350M annually, we are a commercial contractor specializing in building the following facilities: Hospitals, Mountain Resorts, Educational, Criminal Justice, Commercial Office, and Advanced Technology. Traditionally, 85% of our work comes from repeat customers.

Gilbane began in 1873 as a family-run carpentry and general contracting business. Since then the company has grown into one of the nation's largest full-service construction firms. The Midwest Regional Office provides construction management, program management, design-build and general contracting services. The region currently has over 180 employees across five states - Illinois, Wisconsin, Missouri, Iowa and Minnesota. Some of our most notable projects are: Elmhurst Memorial Hospital, University of Chicago Medical Center, Joliet Junior College, and SC Johnson Project Honor. What truly sets the company apart is that Gilbane lives the core values handed down by its founding fathers. Gilbane is focused on acting as a steadfast advocate for its customers and creating relationships gr...

It started with two engineers, David Harvey, Sr. and Gerald D. Hines. It started over 55 years ago in 1957. Misters Hines and Harvey started their companies together and for the same purpose. They designed, constructed, owned and maintained some of the finest projects in the country. The best design talent was brought in and it produced monumental and lasting architecture. Lessons were learned along the way. Best practices were established. Standards were set. The people of Harvey-Cleary in 2013 are a modern version of the original concept. Harvey-Cleary serves the Washington D.C. metro area for both base and interiors projects. We share the culture of building to the highest standard and serving an owner whose goals for the project are the same as ours. This is the Harvey-Cleary cultu...

Performance Contracting Group (PCG) is one of the leading specialty contractors in the United States. Our family of companies provides a wide range of quality services and products to the industrial, commercial, and non-residential markets.

PCG was formed in February 1987 when it was purchased from Owens Corning Fiberglass by several existing employees in the 40-year-old division. Since then, PCG's reputation for "providing value that exceeds customers' expectations" has warranted our significant growth. PCG is employee-owned and now has 50+ offices throughout the United States.

PCG is the parent company of Performance Contracting, Inc (PCI). PCI is our largest subsidiary and has two main divisions, Interior Services, and Insulation & Specialty Services. This allows us to offer our customers diverse but related services, making PCI a true "single-source" contractor for many customers.

We are proud to say that our selective hiring process and active recruiting methods have produced an incredible team of overachievers. We now employ more than 800 salaried individuals and 6,000 skilled craft workers across the U.S.

Power Construction is an 87 year-old management-owned company that has worked primarily in the Chicago area since 1926. Among the firms doing so, we are the largest. We are able to deliver a higher level of service by concentrating on five customer markets; Corporate, Developer, Healthcare, Hotel, and Education. We believe construction is much more than just a business of bricks and mortar; it is a business of people and service. As such, our company's organizational depth and stability are essential to success. Today, more than 90% of our work is awarded by repeat customers. This record for repeated selection demonstrates our firm's reputation for performance and customer satisfaction.
