Students scheduled for more than two examinations in one calendar day are entitled to reschedule any examinations in excess of two. Similarly, students faced with a direct exam conflict are entitled to reschedule either examination. It is the responsibility of the student to make the necessary arrangements before the last week of regularly scheduled classes. Course instructors shall not penalize a student who chooses to reschedule an examination under these options (University Senate Document 90-22, March 25, 1991).
