

How to Submit Your Directed Project or MS Thesis through Purdue e-Pubs

Instructions for Students

You will need the following items and information to submit your document electronically:

- the document file itself
 - information about the document (e.g., title and descriptive keywords)
 - abstract (this can usually be cut-and-pasted from the article)
1. To begin, go to <http://docs.lib.purdue.edu/> and select “Submit Research” in the lefthand navigation bar:

If this is your first time using Purdue e-Pubs you will need to create a free account using your Purdue contact information. Otherwise, log in to the system with your username and password (NOTE: This is not necessarily your Career Account information. You will need to create an account on Purdue e-Pubs to proceed.)

The screenshot displays the Purdue e-Pubs website interface. At the top, the Purdue University logo and 'e-Pubs' title are visible. Below the header, navigation links for Home, About, FAQ, and My Account are present. The main content area is divided into a left sidebar and a central right section. The sidebar contains search options, advanced search links, RSS notifications, author links, and browse categories. The central right section features a 'Login' form with fields for email address and password, a 'Remember me' checkbox, and a 'Login' button. To the right of the login form is a 'Create new account' section with a 'Sign up' button. Red arrows and text annotations provide instructions: '1. First create an account (Please use your Purdue username and e-mail address)' points to the 'Sign up' button, and '2. Then Log in to Purdue e-Pubs' points to the 'Login' button. Below the login form, there is a link for 'Forget your password?' and a note about updating email addresses.

Submission Agreement for College of Technology Directed Projects

I hereby grant to Purdue University a non-exclusive perpetual royalty free license to use, duplicate and distribute the work ("Work") in whole or in part. The Work is to be deposited in the Purdue University institutional repository. I further grant to Purdue University the right to transfer the Work to any format or medium now known or later developed for preservation and access in accordance with this agreement. This agreement does not represent a transfer of copyright to Purdue University.

I represent and warrant to Purdue University that the Work is my original work and does not, to the best of my knowledge, infringe or violate any rights of others nor does the deposit violate any applicable laws. I further represent and warrant that I have the authority and/or have obtained all necessary rights to permit Purdue University to use, duplicate and distribute the Work and that any third-party owned content is clearly identified and acknowledged within the Work.

By granting this non-exclusive license, I acknowledge that I have read and agreed to the terms of this agreement and all related Purdue University policies.

Please check this if you agree to the above terms.

4. This will lead you to the submission form where you will need to input the following information about your program and your document:

- Title
- Your (Author) name and e-mail address
- Abstract
- Keywords
- Name of the Department and Department Head
- Head of Graduate Program
- Names of the faculty advisors
- Names of the review committee members

When prompted, choose to “upload file from your computer.” And click the submit button.

Your Directed Project or MS Thesis will be officially submitted for review and will be available at <http://docs.lib.purdue.edu/techdirproj/> after it has been approved.
