

Spain Design and Construction Integration Study Abroad to Barcelona and Málaga

March 14-22, 2026, Spring Break

Perfect for art and design students as well as anyone interested in history
or the global impacts of the built environment

Benefits:

- Work with Spanish students at Universidad de Málaga (UMA)
- Tour noteworthy ancient, gothic, and modern architectural landmarks
- Sample the nature-inspired 'modernism' of Antoni Gaudi
- Explore new design and construction techniques being used in Europe
- Earn 3 Purdue credits
- Eligible students may be able to offset costs with a Giant Leaps Summer Short-Term Scholarships

Program Leaders:

Professor Bryan Hubbard, School of Construction Management Technology

bhubbard@purdue.edu

Ms. Jennifer Ramos, Purdue Polytechnic Global Experiences

Ramos102@purdue.edu
