

Tech I20

Design Thinking in Technology

Study abroad in Germany and France
Munich - Lyon - Paris

July 12 to August 1, 2027

Experience

Gain hands-on experience applying design thinking concepts within different cultural contexts.

Explore

See castles, museums, and iconic landmarks. Explore European industries and real-world innovation.

Engage

Engage in critical analysis of real-world, ill-defined challenges. Learn, collaborate and prototype solutions with your peers.
