

What We Do

- » Promote the mission, vision and academic opportunities of the Polytechnic Institute
- » Encourage awareness and appreciation of diversity
- » Provide opportunities for the retention and success of all Polytechnic students
- » Implement engagement and outreach activities for students to explore Polytechnic degrees

Ongoing Opportunities for Prospective Students

INFORMATION SESSIONS

Visitors tour labs and classrooms to learn about the Polytechnic's six academic departments.

ADMITTED STUDENT DAY

During this highly interactive day, admitted students and their guests tour the departments and labs, sample lunch from the award-winning dining facilities, meet current Polytechnic students and learn about study abroad opportunities.

Annual Events for High School and Incoming First-year Students

🖱 [Learn more: polytechnic.purdue.edu/camps](https://polytechnic.purdue.edu/camps)

STEM SUMMER CAMP

For incoming first-year students

Future Techies become acclimated to college life with this five-week, on-campus experience.

WINDOWS OF OPPORTUNITY FOR WOMEN IN TECHNOLOGY (WOWIT)

For students in grades 9-12

Bring a parent or guardian and experience how technology is applied and impacts lives.

COMMUNICATING LEADERSHIP AND ADVANCING INNOVATION FOR MINORITIES IN TECHNOLOGY (CLAIMIT)

For students in grades 9-12

Bring a parent or guardian and see how technology moves the world through hands-on projects.

DISCOVERING OPPORTUNITIES IN TECHNOLOGY (DO IT)

For students in grade 11

Participate in hands-on labs, academic sessions and social activities with members of Women in Technology.

VISION: EXPLORE TECHNOLOGY'S IMPACT ON HOW WE LIVE

For students in grade 11

Learn leadership skills, explore technology projects and enjoy activities with our Minority Technology Association.

TURNED ON TO TECHNOLOGY AND LEADERSHIP (TOTAL)

Summer college for high school students

Engage with faculty, staff and students in a college experience with hands-on activities.

TECHNOLOGY EXPANDING ALL MINDS (TEAM)

For students in grades 8-10

Explore how women in technology use leadership and applied engineering.

For Current Students

WELCOME WEEK

Join us the first week of classes for free food and fun activities. Learn about student groups, cultural centers and recreational sports - and meet our team at our open house.

🖱 polytechnic.purdue.edu/welcome-week

TECHNOLOGY SEMINARS

First-year students learn study strategies.

- » **TECH 100:** Students receive an introduction to support services and strategies to help students succeed in classes.
- » **TECH 101:** Students meet women employed in technology-related fields to hear their personal stories and gain real-world insight.

STUDY HALLS

Study sessions and snack breaks encourage students before finals.

LEARNING COMMUNITIES

Extend your interests beyond the classroom.

🖱 purdue.edu/learningcommunities

STUDENT ORGANIZATIONS

There are student groups across Purdue for just about every interest. A few opportunities are:

- » Polytechnic Ambassadors
- » Polytechnic Student Council
- » Minority Technology Association (MTA)
- » Women in Technology (WIT)

🖱 polytechnic.purdue.edu/studentlife

B.E.S.T. ACADEMIC SUPPORT (BUILDING EXCELLENCE FOR STUDENTS IN TECHNOLOGY)

A free service for Techies to learn one-on-one from students who have already had academic success in the same courses.

🖱 polytechnic.purdue.edu/BEST

MATH AND PHYSICS TUTORING

Free tutoring for Polytechnic students in certain math and physics courses.

DIVERSITY-SPONSORED TRIPS

MENTAL HEALTH BREAKS
